What aspects of the course and the way it was taught helped you to learn?

Comments
the professor was very knowledgeable and super accessible for feedback and reexplaining concepts.
The powerpoints in class.
The Professor is extremely knowledgeable of the material. He answered each and every single question that was asked in the entire semester. The readings were higher level but they were relevant and the prof. was capable of answering all the relevant theoretical framework. The course was very organized and clear.
Just go ahead and give him tenure; he is by far one of the best professor I have had in 20+ classes.
I already had an idea about macroeconomics and money and banking but this course amplified my vision over it. Moreover, Professor explained in detail every lecture and office hours were always available. Thank you
The homework assignments and feedback helped me learn the best.

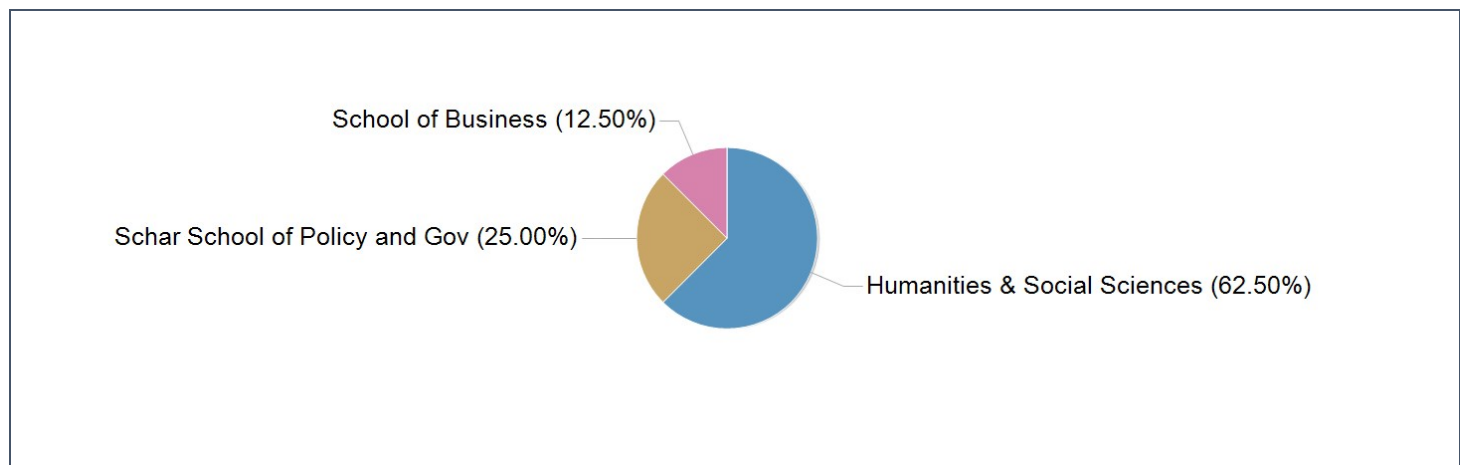

What modifications do you suggest for the next time the course is taught?

Comments
none.
The book was useful as background knowledge but it was not as relevant to the actual powerpoint that we used in class.
Apart from "add your two cents," maybe incorporate other ways for students to actively engage with the lecture material in class.
